Title: Restart from failure

Theme: Personal Finance Planning

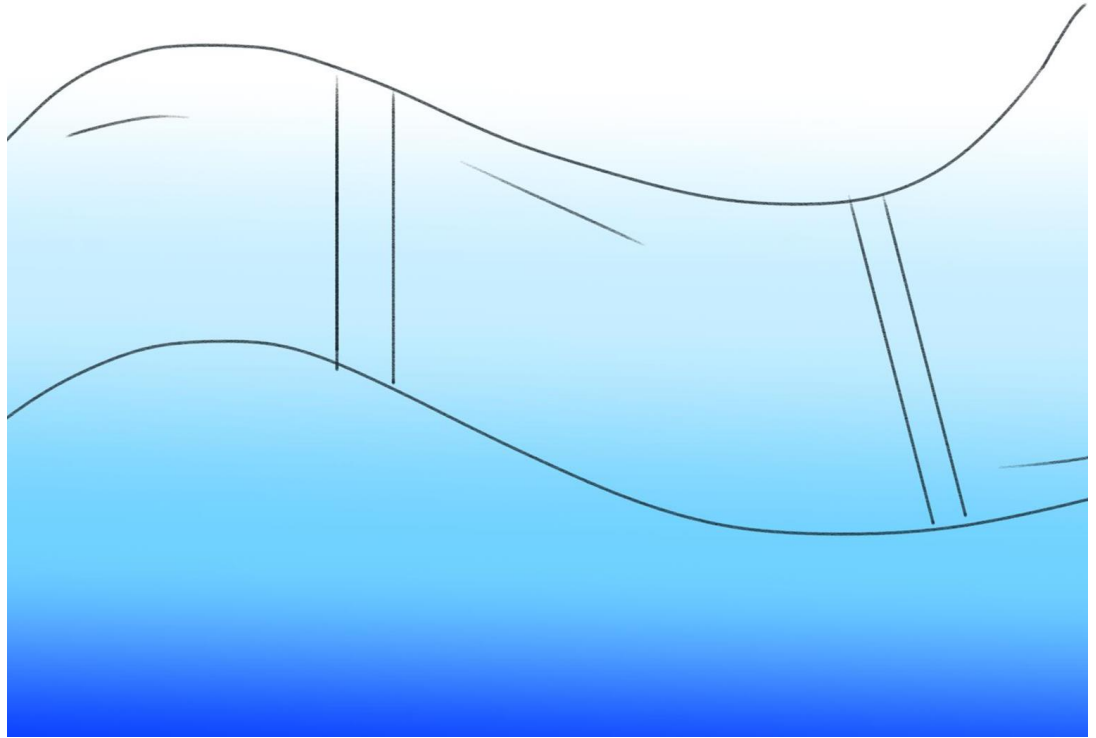

An old man is now suffering a hard time. “Why things are becoming worse?” he asks himself.

“Not only my wife and daughter
leave me alone, but all my money
is also gone!”

“Ohhhh!! Why am I suddenly
having a headache?
(Falling into the time tunnel)
“Huh...? Why can I see myself
and things happened in the past?”

(In the past)

“Hahahahaha...I am
sure that this time I
must win. Let's all in !”

(In the past)

“Why I lost again...

I am quite sure that I must

win. I am so angry! Next

time I will get all the loss

back!”

(In the past)

Investment counselor:

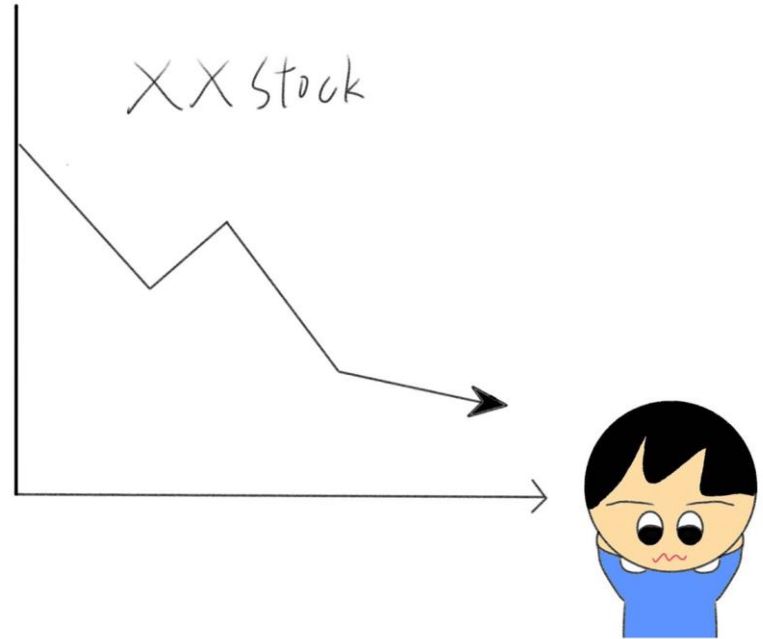

“You just need to sign on this contract
and wait for earning a lot!”

I believed in him and signed on the
contracts without watching the details
carefully.

(In the past)

“Why? Why? I am suffering
a huge loss in my investment and I
cannot even ask for compensation
as I didn't read the contract carefully.”

(In the past)

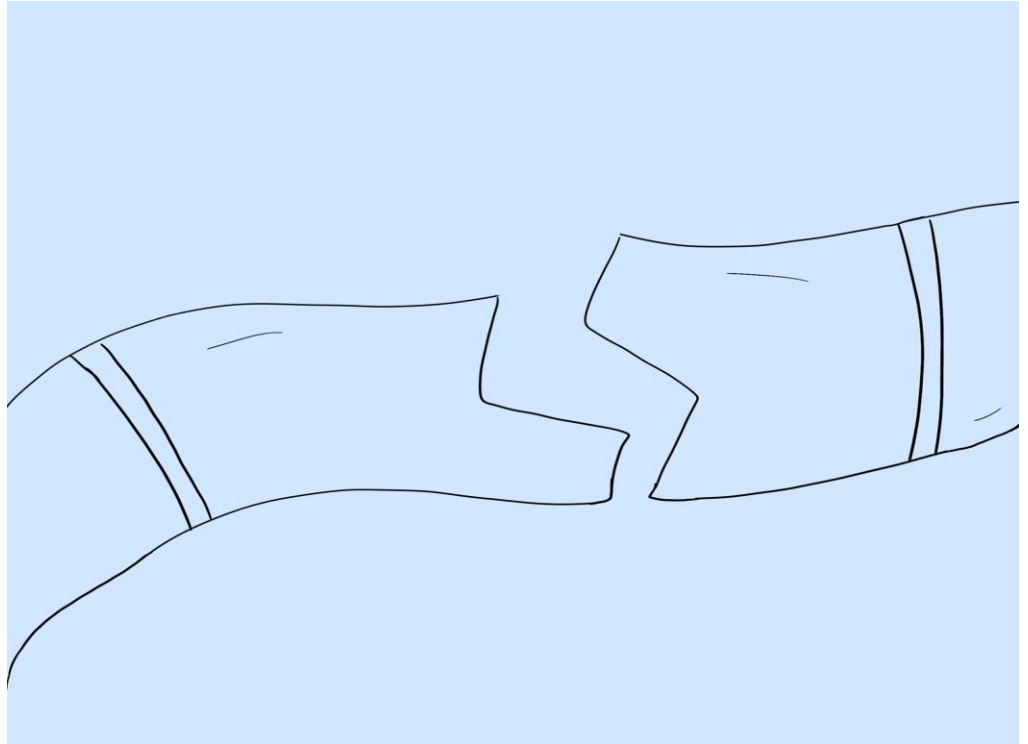

“I lost all my money!!

Why? Why?”

(Back to the time tunnel)

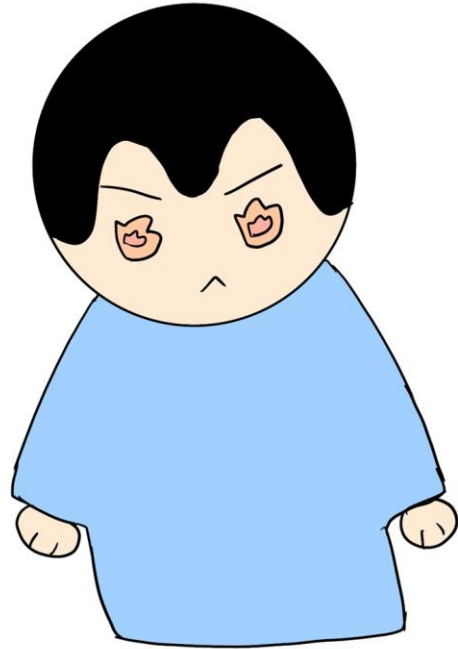

“I know that I was wrong! Can I
restart my life?”

(New start of the past)

(Return from the time tunnel)

“I must not make the same
mistakes again!”

(Restart)

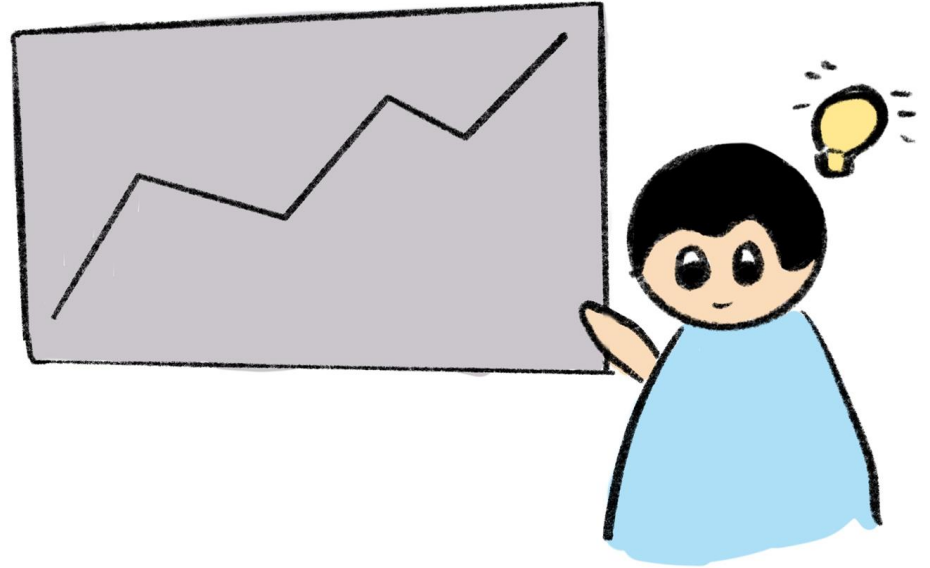

Working hard from the morning to
midnight.

“I should work hard instead of
gambling!”

(Restart)

“Before investment, I studied the financial statements of the listed companies and recognised the risks and returns of the investment.”

(Restart)

“Before signing the contract, I
should read all the detailed
information.”

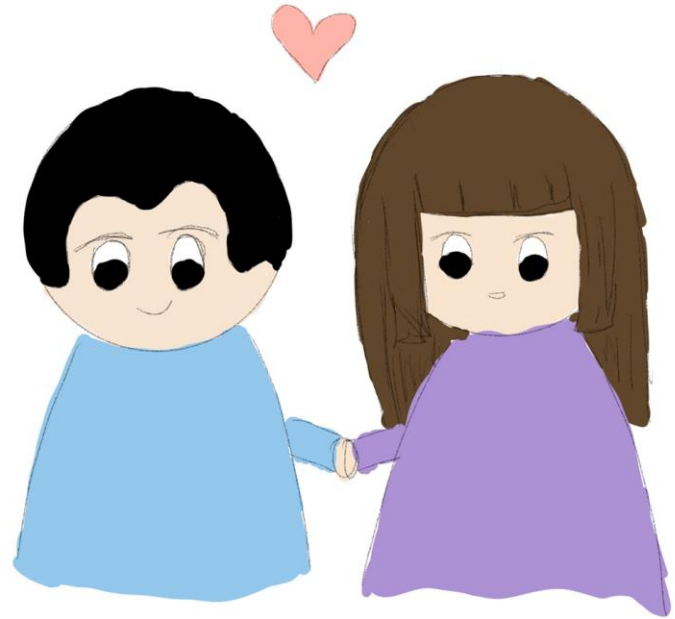

(Restart)

Over drinking and gambling should be stopped. “I will not let them ruin my life again.”

(Restart)

“As I get rid of all the bad habits,
my wife and I are having a great
life, I am really grateful about it.”

(Now)

“See! This is the new photo
taken with my wife and daughter
recently. We are living happily.”

Therefore, everyone should learn from my failure. Do not addict to gambling and be careful before making investment. Make good use of your money!
